SUMMARY

Organized and detail-oriented professional with experience in real estate data management, client coordination, and administrative support. Skilled in CRM systems, document preparation, and transaction workflow management. Adept at managing multiple tasks in remote environments while maintaining clear communication and accuracy to support real estate teams.

PROFESSIONAL EXPERIENCE

Luxury Presence, Inc. , (Real Estate Marketing Company USA)	January 2024 – Present
➤ Website Builder (Remote) - Built and customized real estate websites, aligning designs with MLS, state, and brokerage compliances, tailored to client preferences. - Collaborated with clients and teams to gather requirements, research missing data, and build real estate websites customized to agent branding and market needs. - Used HTML, CSS, and Northstar(Luxury Presence's CMS) to fulfill custom website requests while collaborating with IDX, onboarding, and design teams. - Coordinated with US managers and cross-functional teams, using Google Workspace and Salesforce to deliver client-ready and compliant websites.	April 2024 - Present
➤ Data Specialist (Remote) - Managed real estate agent, property, and neighborhood data using Northstar (CMS), ensuring accurate, updated, and compliant client websites. - Synced MLS IDs, added off-market properties, customized blogs, and uploaded press mentions to highlight client expertise and past sales. - Handled agent profiles, updating licenses, bios, brokerage details, and social links for seamless online presence across websites. - Collaborated with US teams via Salesforce and Google Workspace to track tasks and maintain precise, high-quality data for real estate clients.	January - April 2024
